Commissioner for Patents

The information disclosure statement filed August 18, 2006 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. Applicants have not provided a complete copy of each of Japanese Patent Publication Nos. 11-354311 and 2002-164205, but rather applicants have provided only the English language abstract of each of these documents. The submission of only the abstract of the underlying foreign language document is not sufficient for the record to reflect the submission of the entire document. The abstracts that were submitted have been placed in the application file, but the information referred to therein has not been considered.
